

<u>Dyslexia/Dyscalculia</u> A learning difficulty which can affect reading, spelling or maths, organisational skills or working memory.		1 in every 10 people  [2]		
<u>Skills you may have:</u> • Creative thinking skills • Problem solving skills • Expected/high levels of intelligence • Following visual instructions		<u>Challenges you may face:</u> • Holding and recalling information • Difficulties with spelling/number work • Difficulties recording your brilliant ideas onto paper/computer • Needing more time to understand instructions		
				
Richard Branson Entrepreneur and Business Tycoon	Walt Disney Global Animation Production	Albert Einstein World Influencing Physicist	Whoopi Goldberg Comedian and Political Activist	Holly Willoughby Presenter, Author and Model
All these famous people overcame challenges linked with dyslexia/dyscalculia in their childhood to achieve incredible career and personal ambitions.				
<u>Helpful Tips:</u>		• Break down instructions into small chunks. • Offer information using visual or practical examples. • Give extra time to complete recorded tasks.		

	• Give lots of time to celebrating and completing things your child enjoys and is successful at. • Offer your child chance to show their skills and learning through talking or presenting in person. • Pre-learn key words/numbers that will come up often in a new topic before the topic or book is shared.
